Be Prepared with Quick Check

Fine tune your research like never before
Upload your brief to find highly relevant authority and ensure you haven't missed anything important.

Check the strength and completeness of a draft at any stage of your research
• Quality check a completed brief
• Evaluate a colleague’s work product
• Reveal weaknesses in an opponent’s document
• Refresh a past winning argument or examine an early draft

Complete your research with confidence
When you rely on Quick Check you can be sure you have the best cases to support your argument. It’s designed to scan your document to detect the legal issues covered, then make relevant recommendations. Plus, KeyCite® is fully integrated to ensure you are relying on accurate law.

Advantages you won’t find elsewhere
• Filter out citations you’ve viewed in the past 30 days and what you’ve already saved to a folder
• See additional details for why a suggested authority might be important
• Receive recommendations from the largest collection of secondary sources, briefs, and memoranda

Discover a new level of confidence

Simply and securely upload your brief.
Be Responsive with WestSearch Plus

The next generation of legal search
Find authoritative legal answers even faster with state-of-the-art AI powered by attorney-edited annotations.

Focus your research with predictive typeahead
Get superior predictive research suggestions as you start to type your query in the global search bar. Related suggestions appear based on AI-enhanced technology to help you find authoritative answers in less time.

Find answers faster for thousands of legal topics
Address legal questions for thousands of topics without drilling into the results list. Pick the most relevant query served up with predictive typeahead and the most relevant text appears at the top of your result list.

Advantages you won’t find elsewhere
- Arrive at answers quickly with state-of-the-art AI powered by attorney-edited annotations
- See the most relevant portion of the text right after you select your question, without needing to review the full document or result list
- Connect quickly to the relevant underlying authority
Be Strategic with Litigation Analytics

**Data-driven insights for informed decisions**
Build the strongest case strategy and manage client expectations with insights on judges, courts, attorneys, law firms, and case types.

**Put Litigation Analytics to work for you**
- Craft the best strategy and set and manage expectations for outcomes, timelines, and costs
- Understand a judge’s history with expert testimony
- Evaluate opposing counsel’s experience

**Precedent Analytics**
Make stronger arguments. Quickly uncover key insights into a judge based on topics, the cases a judge regularly relies on, and other judges he or she frequently cites.

**Advantages you won’t find elsewhere**
- Leverage the most state and federal dockets across the most case types
- Filter by many categories, including 28 motion types and “search within”
- Search dockets, as well as trial documents, for arguments, issues, and fact patterns

**Sharpen your advantage with superior insights**

1. View judge’s career timeline case history, current/past positions, education, and relevant biographical information
2. See how a judge has ruled on certain motions, including number of each type and outcome, case type, filing role, information by year, and more
3. Select a relevant question to retrieve the right text
Be aware with KeyCite Overruling Risk

**Trust that you’re citing good law**
Know when a point of law in your case has been implicitly undermined based on its reliance on an overruled or otherwise invalid prior decision.

**Get warnings on implicitly overruled cases**
- See an orange warning icon right from the results list and at the top of your document, just like red and yellow warning flags, integrated into your research flow
- Use term navigation to easily pinpoint the language within a case that has been overruled
- Avoid the need to review each case manually to determine if it cites an implicitly overruled point of law

**Advantages you won’t find elsewhere**
- Achieve a higher level of accuracy with the only citator – KeyCite with Overruling Risk – that warns you if a case has been implicitly undermined
- Be confident in your work that you have the best understanding of the law
enformed
with Statutes Compare and regulations Compare

Stay informed of changes in the law
Easily identify the most recent changes to a statute or federal regulation – and compare any two versions.

Compare versions easily
• Save time by eliminating the need to go through session laws and Federal Register sections to see how a statute or federal regulation has changed
• See quickly what language changed from one statute or federal regulation version to another
• Access the most recent changes to a statute or federal regulation easily from the document, or compare any two versions right from the History tab

Advantages you won’t find elsewhere
• Get coverage for all statutory content and federal regulations with versions
• See at a glance what has changed with strike-through and highlighted text
• Download, print, or email the comparison
